Letter From the President

Greetings everyone!

The start of summer is finally here and this is shaping up to be a great dive season. The weekend dives have been going well with a good amount of members participating. Peter is in the top spot so far with 22 points!

We have our camping weekend and Big Boat dive coming up in July. This has always been a great time for us. Members and their families are all welcome. Please see Bo for more details.

Also, Robin is doing a great job coordinating boats dives this year. There are plenty of spots available on the big boats and the other small charters. Please, don't miss out sign up soon!

As the summer is here and my schedule has become so busy I would like to thank Robin and Keith for heading up last months meeting.

To another matter at hand concerning diving at Pegotty Beach in Scituate; it seems that one of the locals wasn't too happy with the parking situation and called the police. As it turns out we were all parked legally. For those who don't know, there is a small parking lot that can accommodate about 4-5 cars and is legal for parking whether you're a resident or not. Thanks to Paula, who looked into it and got the right info. So, if this fella approaches you please be courteous, smile and have a great dive!

Our membership has grown but we are always happy to see new members. If you know of people looking for a club let them know about Mass Bay Divers. This is a good club, with alot to offer and the members are all great fun people.

Stay up to date on the schedule with either the website or by checking in with the Yahoo Group. Come to the meetings, dive on the weekends and have a fantastic summer!

Welcome

Dive Site of the Month

PEBBLE BEACH

Pebble Beach (looking west), southeasterly exposure, is a easy rocky or sandy entry (depending upon the tide). The upper portion of the beach is covered with pebbles and slopes into a sandy bottom.

Depth 15 to 35+ feet. A reef is located to the right when facing the ocean. To locate the reef, look for breaking waves at high tide or the exposed reef top at low tide. It is off the point to the right of the beach.

Plenty of unrestricted parking.

VACATION IDEA

Intra-club Event

On **June 19th** Eleven Mass Bay Divers met at Whites Beach in Manchester for a Northshore Frogmen/intra-club event.

The event started at 6pm for anyone who wanted to dive and just hang out on the beach. Afterwards, at 7:30 the Coast guard had a wonderful demonstration using a Jayhawk helicopter to demonstrate how to rescue a disabled diver from the water. They made about seven demo rescues and got very close for everyone to see. We got pictures and a video of this and will try to share it at one of the meetings.

It was a beautiful night and everyone had a good time. Two divers Carol & Paula were the only ones that actually dove, Go Girls!

I personally look forward to more intra club events !
